Dear John:

As a member of the **Southern New Jersey Development Council**, I would like to offer our support for the Transportation Investment Vision for Southern New Jersey, most especially the plans for the continuation of SJ Light Rail service from Camden to Glassboro.

Further, we believe that Bus Rapid Transit along Routes 42, 55 and 676 and improvements to the NJ Transit 30th Street Station to Atlantic City line proposed by the Delaware River Port Authority, NJ Transit and the South Jersey Transportation Authority will have immediate success in easing congestion on our highways.

Anchor Point Architecture and our associates look forward to seeing the plan set in motion and completed as soon as possible. If we can be of any assistance to you please do not hesitate to call on us.

Sincerely,

Eliseo C. Di Prinzio, RA
