Dear John:

I would like to offer my organization's support for the Transportation Investment Vision for Southern New Jersey, particularly the plans for the continuation of SJ Light Rail service from Camden to Glassboro. The success of light rail service in Burlington County has provided significant economic advantages to the area and similar success is anticipated for the Camden/Gloucester region if light rail service is extended to this region. Your work in determining the best route through the alternatives analysis and planning study has produced a superior plan. You and your team are to be congratulated.

Further, the Bus Rapid Transit along Routes 42, 55 and 676 and improvements to the NJ Transit 30th Street Station to Atlantic City line proposed by the Delaware River Port Authority, NJ Transit and the South Jersey Transportation Authority will no doubt ameliorate congestion on our highways.

My organization anxiously looks forward to seeing the plan implemented as soon as possible.

Very truly yours,

Noah Bronkesh
